REDZONE™

Particulate-Blocking Hood

featuring

StedAIR®
PREVENT

FEATURES & BENEFITS

- ▶ Blocks over 99% of particulates 0.1-1 microns in size throughout the entire hood
- ▶ Air-permeable to help manage core temperature and heat stress (THL- 346)
- ▶ Streamlined, two-layer construction for easy movement, flexibility and unobstructed hearing
- ▶ Extended bib design provides optimal shoulder and neck coverage that stays in place
- ▶ Ultra-soft, flame-resistant (FR) material for maximum comfort and fire protection (TPP- 31)
- ▶ Extreme durability that maintains its particulate-blocking effectiveness even after 100 washes
- ▶ Universal sizing that comfortably fits all heads
- ▶ Barcode tag labels for data tracking and asset management
- ▶ Available in Black/Gray (#HD395142+U) and Tan/Gray (#HD395146+U)

LION's RedZone Particulate-Blocking Hood protects one of the most vulnerable areas of your body by blocking contaminants from touching your head or neck. Its streamlined, two-layer construction features proprietary StedAir® PREVENT particulate blocker, the most effective available on the market, for outstanding contaminant protection, wash after wash. RedZone hoods offer exceptional breathability, comfort and mobility. Plus, it doesn't restrict your hearing during firefighting activities.

Flatlock Nomex® thread stitching for durability and double seams over head for comfort under helmet

Extended, full-coverage bib design stays in place for ultimate protection
